

Supporting Small Charities in 2026

This year, we're giving back to the heart of our community by offering limited free access to our meeting room for small charities who need a safe, welcoming, and cost-effective space.

Our aim is to help charities focus their resources on the people they serve – **not room hire.**

What we can provide:

- ▶ One free monthly meeting room session
(*subject to availability*)
- ▶ A calm, professional environment for support groups or planning
- ▶ Practical support from a fellow community charity

Together we make a difference.
Your mission. Our support. One community.
