

Rescue Ready

Defibrillator Maintenance Packages

Professional Maintenance Packages from St John Ambulance Isle of Man

A defibrillator is a life-saving investment, but it only works if the pads are in date and the battery is charged. Take the pressure off your team and let the experts handle the compliance.

Bronze 'Essential Care' Package: £109/year +VAT

The perfect 'Peace of Mind' entry level.

- **Annual Professional Inspection:** A comprehensive 12-month health check.
- **Date Tracking:** We monitor your battery and pad expiry so you don't have to.
- **Compliance Ready:** Receive an official Certificate of Inspection for your Health & Safety records.
- **Signage Check:** Ensuring your AED is visible and easy to find when seconds count.

Silver 'Enhanced Protection' Package: £249/year +VAT

Complete hardware confidence for your facility.

- **Bi-Annual Inspections:** Expert health checks every 6 months to keep your peace of mind.
- **Battery Replacement:** FREE battery replacement included, ensuring your unit remains charged.
- **Continuous Coverage:** We provide a loan unit so you're never left unprotected if your device is ever out of action.
- **Discounted Consumables:** Discounted rates on all replacement pads.
- **Compliance Management:** Full certification for your records and proactive email alerts for all expiry dates.

Gold 'Maximum Assurance' Package: £349/year +VAT

Our most popular choice for high-traffic areas and businesses.

- **Quarterly Inspections:** Professional checks every 3 months.
- **All-Inclusive Parts:** FREE battery and FREE first annual pad replacement included.
- **Never Without Protection:** Loan unit provided if your device needs off-site service.
- **Expert Training:** Includes a 3-hour annual AED Awareness course for up to 6 people, ensuring your team has the confidence to act.
- **Exclusive Offers:** Discounted rates on additional consumables.

Bespoke Platinum Package: From £549/year +VAT

Complete hands-off management for your community or organisation.

Should you wish St John Ambulance to assume full guardianship of your defibrillator, we will build a bespoke service around you. We take total responsibility for the unit's readiness, allowing you to focus on what you do with 100% confidence.

Contact our team today for a tailored consultation.
