Fire Marshal

Essential fire safety training for workplace fire marshals

This half-day Fire Marshal course provides the knowledge and practical skills needed to carry out Fire Marshal or Fire Warden responsibilities confidently and effectively within the workplace.

Designed for employees with responsibility for fire safety, the course helps organisations meet their fire safety obligations while preparing learners to support fire prevention measures and assist with emergency evacuation procedures.

Who is this course for?

Ideal for:

- Designated Fire Marshals and Fire Wardens
- Managers and supervisors with fire safety responsibilities
- Health and safety representatives
- Employees responsible for emergency evacuation procedures
- Anyone requiring a practical understanding of workplace fire safety

Participants must be 16 years or older.

What you will learn?

This course provides a practical understanding of workplace fire safety and the responsibilities of a Fire Marshal. Key topics include:

- The role and responsibilities of a Fire Marshal
- Fire safety legislation and workplace responsibilities
- Common causes of workplace fires and fire prevention measures
- Fire hazard identification and control
- How fires start and spread
- Fire detection and warning systems
- Means of escape and evacuation procedures
- Firefighting equipment and fire extinguisher selection
- Safe and practical use of fire extinguishers
- Managing people during an emergency
- The potential consequences and costs of fire incidents

This course combines practical learning with real-world workplace scenarios to help learners apply fire safety principles confidently in their own environment.

Course outcomes

By the end of the course, you will be able to:

- Understand your responsibilities as a Fire Marshal or Fire Warden
- Identify common fire hazards and implement preventative measures
- Support safe evacuation procedures during an emergency
- Select and use appropriate firefighting equipment safely
- Contribute to maintaining a safer workplace environment
