St John Ambulance training centre

Isle of Man

training, seminars and exhibitions

Welcome to the St John Ambulance training centre

Are you looking to hold a training day, conference, committee meeting, or exhibition but need a venue?

Then why not take a look at the recently refurbished St John Ambulance training centre. We are conveniently situated on the outskirts of Douglas on Glencrutchery Road.

The building is on one level with disabled access and suitable toilet facilities. There is onsite parking available for 25 - 30 vehicles.

The St John Ambulance training centre has a number of different sized rooms and layouts enabling you to have the ultimate in flexibility, hiring either one room, a selection, or even the entire training centre.

Please contact us and we will be more than happy to discuss your individual needs.

telephone 674387 and ask for Lynda.

The Manx Lottery training room

This is a spacious, well lit room, with full air-conditioning. The room lends itself well to various seating plans, boardroom, theatre or break out groups. There is a media centre, including a Smart screen TV, projector, and DVD player, P A and speakers, plus laptop connection point. The room is 12 metres by 6 metres and can seat up to 60 delegates. It has an additional entrance direct from the car park, which is wheel chair accessible.

The Scholl lecture room

Similar to the Manx Lottery room, this room can also be configured in various layouts. The chairs in this room have integral desk pads for taking notes. The media facilities are the same as the Manx Lottery room and wipe boards and flip charts are available. The room is 7 metres by 8 metres and can seat up to 60 delegates. Additional equipment is available for both rooms, such as training mats, lectern, OHP projector, and additional tables.

The Refectory

This room is normally set out as a dining area for 30 to 40 delegates, as it is adjacent to our kitchen facility. However, it can also be used as a training / teaching area as the room has wipe boards, flip chart and screen. The media facilities for this room are portable, allowing the room to be set out in various formats. This area can also be divided into two rooms with an integral concertina divider. The room is 11 metres by 4 metres and has access to our picnic area.
